WEEKLY ACTIVITY REPORT

A. PROGRESS REPORT - OLD PROJECTS

1. Instructor Training Course

a. A course of study designed to provide training for TR(S) instructors only has been approved by the DD/TR(S). The course will be considered as a first phase of instructor training with a second phase consisting of an on-the-job training period and a third phase involving continual supervision of the instructional methods of the students of the course. Details of the course are under preparation with a target date of 15 September. Initial discussions were held with Chief, A&E Staff on its participation in the course. Partial requirements for TR(S) participation have been forwarded to DD/TR(S).

2. Mobile Audio-Visual Aids Device

a. The device was demonstrated recently. The comments of those who attended the demonstration will be collected for incorporation in the specifications of the second prototype.

b. A requirement will be placed on TSS to develop a second prototype embodying certain technical modifications.

3. Project OSS Film Footage

a. All negative and positive material has been sorted from the Library of Congress collection and is being catalogued and previewed. Scanner results to date show little of value in the footage for training purposes. Useless footage is forwarded to GR/OCD.

4. Motion Picture Film

a. Modifications in the request for project approval due to changes in Department of Defense regulations are being prepared for presentation to the PRC.

b. Scripts for first series have received approval of DD/TR(S) with slight modification.
